

PROGRAMME

Wednesday 17.8.2011

19.00 -
20.30 **Get together party** (Hotel Kämp, Mirror Room)

Thursday 18.8.2011

10.00 **Opening ceremony**

11.00 **Key note lecture:** *Professor Tari Haahtela: Finnish Allergy Programme 2008-2018 – time to act and change the course!* (Chair: Pitkäranta)

11.30 **Key note lecture:** *Dr Aino Ruohola: The optimal management of acute otitis media at otitis prone age* (Chair: Jero)

12.00 **Lunch, posters and exhibition**

Europea

13.00 **Acute otitis media**

Chair: Sten Hellström

Mod: Petri Mattila

Pneumococcal vaccination: Timo Vesikari

Complications of otitis media: Ann Hermansson

Research report: Genetics of otitis media: Lena Hafrén

Treatment guidelines in Nordic countries - panel discussion and interactive polling: Kari Kvaerner

Fennia 1

Great balls of fire! Balloons in ENT

Chair: Markus Rautiainen

Hot-water irrigation in the treatment of epistaxis: Sven-Erik Stangerup

Balloon sinuplasty vs endoscopic sinus surgery: Markus Rautiainen

Tuba auditiva dilatation with balloon: Juha Silvola

Treatment of tubal dysfunction with Otovent-device: Sven-Erik Stangerup

Complications of balloon sinuplasty techniques: Jura Numminen

Fennia 2

Oropharyngeal cancer

Organized in collaboration with the Scandinavian Society of Head and Neck Oncology

Chair: Ulrik Pedersen

Mod: Reidar Grénman

Human papilloma viruses, behaviour and transmission: Stina Syrjänen

Treatment of oropharyngeal carcinoma - (chemo) radiotherapy: Kauko Saarilahti

Oropharyngeal cancer, HPV and serology - Nordic contribution to the body of evidence: Jon Mork

Surgical management of oropharyngeal carcinoma: Stein Lybak

Is HPV the cause of the "epidemic" increase of tonsillar and base of tongue cancer in Sweden:

Eva Munck-Wikland

15.00 **Coffee, posters and exhibition**

Europea

15.45

Current trends and future aspects in otology and neurotology

Chair: Karin Strömbäck

Mod: Jussi Jero

Introduction to the development of modern otology and neurotology - historical perspective: Jussi Jero

Cochlear gene therapy: Antti Aarnisalo

Otic stemm cells: Saku Sinkkonen

An increasing trend of severe mastoiditis and it's complications in Norway: Marie Bunne

New perspectives in mastoid surgery: Mastoid area and volume determined by semiautomatic imaging analysis of HR-CT: Michael Lyhne Gaihede

Intraoperative findings of revision tympano-mastoid surgery: Priit Kasenõmm

Changes if the profile of otology in Nordic countries during the last 20 years – round table discussion:

Gaihede, Gudbrandsson, Strömbäck, Jero

15.45

Fennia 1

Snap, crackle and pop - what to do with facial trauma?

Chair: Pär Stjärne

Mod: Karin Blomgren

Pediatric trauma: Hanna Thorén

Not just bones - management of soft tissues in facial trauma: Sinikka Suominen

How to avoid treatment failures in nasal trauma: P-O Haraldsson

Treatment of upper and midface face fractures in Denmark: Preben Homoe

Fennia 2

Quality assurance in Head and Neck oncology - because they're worth it

Chair: Jan Olofsson

Mod: Antti Mäkitie

Fast-track in H&N cancer - now reality in Denmark: Presentation of the Danish strategy and local experiences from a university department of ENT H&N surgery: Christian Godballe

Physician delays in H&N cancer - studies from Northern Finland: Heikki Teppo

Accelerated diagnosis and treatment initiation for H&N cancer patients: Karin Lambertsen

H&N cancer patients: Karin Lambertsen

17.15

Happy hour sponsored by GSK in the lobby

18.00 -

18.45

Concert in the Uspenski Cathedral

19.00 -

20.30

Helsinki City reception in the City Hall

Friday 19.8.2011

Europea

08.00

Key note lecture: *Professor Barbara Canlon: Preventing hearing loss: Mechanisms underlying steroid treatment* (Chair: Mäkitie)

08.30

Key note lecture: *Professor David Kennedy: Evolution of Endoscopic Sinus Surgery* (Chair: Hytönen)

09.00

Upper airways: From allergy to chronic sinusitis - what is new?

Chair: David Kennedy

Mod: Elina Toskala

Basic mechanisms behind allergy reactivity: Pirkko Mattila

Hypersensitive nose: Pär Stjärne

What is new in CRS?: Per Djupesland

Enviromental factors in rhinitis: Torgeir Storaas

Fennia 1

Vascular anomalies

Organized in collaboration with Nordic Society for Vascular Anomalies

Chair: Ulf Zetterström

Mod: Jussi Laranne

Multidisciplinary vascular anomaly meeting: Päivi Salminen

Hemangiomas and their treatment: Agneta Troilius

Arteriovenous malformations: Pål Svendsen

Treatment of lymphatic malformations: Ulf Zetterström

Long term results and QOL after endovascular treatment of H&N venous malformations: Riitta Rautio

9.00

Fennia 2

Free papers - session 1

Chair: Juhani Nuutinen

Mod: Petra Pietarinen

1. Acute supraglottitis in adults in Finland: *Argyro Bizaki*
2. Branchial cleft anomalies: accuracy of preoperative diagnosis, clinical presentation and management: *Liviu-Adelin Guldfred*
3. The inheritance of paediatric ENT malformations: *Tuomas Klockars*
4. Heritability of hearing loss in different age groups: *Ellen Kvestad*
5. The use of acoustic rhinometry and visual analogue scale in children: *Lotta Haavisto*
6. Low-dose computed tomography scans of paranasal sinuses with increased slice thickness and intervals in the estimation of surgical structures: *Matti Karjalainen*
7. Nose- and sinus-related Quality of Life and GERD: *Elin-Johanne Katle*
8. Towards better patient safety: WHO Surgical Safety Checklist in otorhinolaryngology: *Päiviö Helmiö*

10.30

Coffee, posters and exhibition

Europea

11.00

Nasal function: how to measure and improve it?

Chair: Pär Stjärne

Mod: Maija Hytönen

Nasal blockage: subjective symptoms vs. objective measurements: Mats Bende

Olfaction measurements: when and how?: Mats Bende

Mucociliary clearance: when and how?: Sanna Salmi

Nose and voice: Marja-Leena Haapanen

Fennia 1

Vestibular schwannoma - past, present and future

Chair: Hans Ramsay

Acoustic neurinoma, diagnosis and treatment, a 35-year perspective: Per Möller

Vestibular schwannoma, epidemiology and natural history: Sven-Erik Stangerup

Deregulated genes in vestibular schwannomas - tumorigenesis and growth: Per-Cayé Thomasen

Fennia 2

Academics in ENT

Chair: Matti Anniko

Mod: Reidar Grénman

Jan Olofsson (Norway)

Therese Ovesen (Denmark)
Göran Laurell (Sweden)
Reidar Grénman (Finland)

12 30 **Lunch and exhibition**

Europea

13.30 **What's up with facial palsy?**

Chair: Mats Engström

Mod: Mervi Kanerva

Sunnybrook step-by-step: Mervi Kanerva

Drugs in Bell's palsy - to use or not to use: Mats Engström, Lars Jonsson

Reanimation - knife or botulinum toxin: Sinikka Suominen

Fennia 1

Hundred years of Nordic collaboration in otolaryngology

Introduction: Pekka Karma

First century of Nordic otolaryngology: Christian Brahe Pedersen

Fennia 2

Citius, altius, fortius: ENT in sports medicine

Chair: John-Helge Heimdal

Mod: Leena-Maija Aaltonen

Overview: John-Helge Heimdal

Aviation and ear: Mads Klokker

Aquatic sports and nose: Jari Suvilehto

Outdoor sports and throat: Sergei Iljukov

14.30 **Coffee, posters and exhibition**

15.30 **Europea**

Tonsillectomy today

Chair: Elisabeth Hultcrantz

Mod: Tuomas Klockars

From tonsillectomy to tonsillotomy: Why has the pendulum swung? Elisabeth Hultcrantz

It's a bloody mess: Post-tonsillectomy haemorrhage: Olav Klausen

Do all roads lead to Rome? Different treatments of peritonsillar abscess. Interactive polling:
Johanna Pietilä

Fennia 1

Nordic ENT doctors in developing countries

Chair: Malou Hultcrantz

Mod: Antti Aarnisalo

Overview of establishing ENT in developing countries: Malou Hultcrantz

The challenging otitis media problem in Greenland: Preben Homøe

ENT in Kenya: Malou Hultcrantz

Hearing impairment in childhood bacterial meningitis in Luanda, Angola: Tuula Pelkonen, Atte Sjövall

Fennia 2

Heureka! ENT doctors as inventors

Chair: Kari Kvaerner

Mod: Karin Blomgren

Autologous fascia in paralyzed vocal fold: Heikki Rihkanen

Oral motor pacifier: Marja-Leena Haapanen

Exercise laryngoscopy: Leena-Maija Aaltonen

OptiNose: Per Gisle Djupesland

30 years experience in ruling out acute sinusitis with ultrasound: Matti Revonta

16.30 **General Assembly (for all delegates)**

19.30 **Gala Dinner (Kalastajatorppa)**

Saturday 20.8.2011

Europea

09.00 **Hearing impairment in early childhood and implantable hearing devices**

Chair: Eva Karltorp

Mod: Heikki Löppönen

An overview of the screening situation in the Nordic countries/Sweden: Inger Uhlen

Outcomes of speech and language after cochlear implantation: Ona Bo Wie

Children's bilateral cochlear implantation in Sweden, Stockholm and Linköping experience: Eva Karltorp

Children's bilateral cochlear implantation in Finland, Tampere experience: Juha-Pekka Vasama

Residual hearing preserving surgery for cochlear implantation: Aarno Dietz

Fennia 1

Alarming signs - residents presenting patient cases to learn from interactive polling

Chair: Mats Holmström

Mod: Anu Laulajainen-Hongisto

Alexandra Elliot

Cecilia Engmér Berglin

Anu Laulajainen-Hongisto

Laura Lempinen

Antti Silvoniemi, Miia Ruuskanen

9.00 **Fennia 2**

Reflux in ENT

Chair: Sverre Steinsvåg

Definitions and mechanisms: Sverre Steinsvåg

Reflux in sino-nasal disorders: Elin-Johanna Katle

Reflux in laryngeal disorders: Leena-Maija Aaltonen

Sleep disorders and reflux: Søren Berg

Oral disorders and reflux: Thomas Kjærsgaard

Ear disorders and reflux: Ann Hermansson

Concluding remarks: Sverre Steinsvåg

10.30 **Coffee, posters and exhibition**

Europea

11.00 **Snoring - c'mon feel the noise!**

Chair: Harriet Akre

Mod: Leif Bäck

Introduction: Leif Bäck
Oral appliance therapy: Marie Marklund
Interstitial radiofrequency surgery and radiofrequency assisted uvulopalatoplasty: Leif Bäck
Paediatric snoring: Harriet Akre
Concluding remarks: Leif Bäck

Fennia 1

Training in ENT. Interactive polling

Chair: Mads Sørensen

Mod: Mervi Närkiö-Mäkelä

Subspecialist training: Reidar Grénman

Surgical simulation and the visible ear simulation: Mads Sørensen

Fennia 2

Free papers - session 2

Chair: Måns Magnusson

Mod: Harri Keski-Säntti

1. Homozygous M34T mutation of the GJB2-gene associates with non-syndromic sensorineural hearing impairment at 2-4kHz in Finnish families: *Aarno Dietz*
2. Thiosulphate-gel prevents cisplatin ototoxicity: *Cecilia Engmér Berglin*
3. Horizontal vestibulo-ocular reflex seldom worsens after cochlear implantation: *Topi Jutila*
4. Acute bilateral vestibular loss – a single subject experimental study: *Mikael Karlberg*
5. Nod1, Nod2 and Nalp3 receptors, new potential targets in treatment of allergic rhinitis? *Jesper Bogefors*
6. Questionnaire-based versus clinical examination-based diagnosis of chronic rhinosinusitis: *Bibi Lange*
7. PET-CT in assessment of treatment response after definitive chemoradiation in head and neck squamous cell carcinoma: *Harri Keski-Säntti*
8. Changing Trends in the Incidence of Oropharyngeal Cancer and p16 Expression: *Marie Lundberg*
